Present a Workshop

The cornerstone of the Conference is its numerous and varied educational workshops. For many attendees, the Conference offers access to information and ideas that might not otherwise be available. We encourage proposals that take a fresh approach to familiar topics and those that introduce new ideas and concepts that are in-line with the Aging and Long-Term Department's Mission and Vision. New proposals will be given priority over those that may have been offered in the past. Proposals for sessions to be co-presented in Spanish, Diné, Tewa, Tiwa, Towa, Keres or other native languages are also welcomed.

Interested presenters must submit a fillable proposal form that is found at **https://nmaging.state.nm.us/news-events/conference-on-aging** All presenters are welcome to attend Conference events on the day(s) of their workshop(s).

Presenters may not use workshops to promote businesses or political candidates or to sell products.

A conference registration packet will be provided for all presenters.

Workshops
Each workshop is scheduled for **fifty-five minutes** (approximately an hour).
Workshops will be pre-recorded and must be completed for submission by August 12, 2022.

Theme
The theme for this year's conference is *"Transforming the Future."* Please consider this when you write your workshop proposals.

Topics of Interest and Conference Tracks

Conference attendees are interested in a range of workshop topics, such as:

Conference Tracks	Topics of Interest
Advocacy	• Advancing Independence
