

**STATE OF NEW MEXICO
EMERGENCY DETERMINATION FORM**

The emergency procurement method (NMSA 1978, Section 13-1-127) may only be used when there exists a threat to public health, welfare, safety or property requiring procurement under emergency conditions. The existence of the emergency condition creates an immediate and serious need for services, construction or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten:

1. the functioning of government;
2. the preservation or protection of property; or
3. the health or safety of any person.

I. Name of Agency: **Aging & Long-Term Services Department**

Agency Chief Procurement Officer: **Marlene Acosta**

Telephone Number: **505-469-0311**

II. Name of Contractor: **Help-NM Inc.**

Address of Contractor: **5101 Copper Avenue NE
Albuquerque, NM 87108**

Amount of prospective contract: **\$150,000.00 (estimated)**

Term of prospective contract: **On going until fires are under control**

III. Please thoroughly list the services (scope of work), construction or items of tangible personal property of the contract:

Help-New Mexico Inc. started issuing food vouchers on April 16, 2022, to older adults 55+ impacted with evacuations and power outages due to wildfires. Help-New Mexico Inc. is issuing a 7-day grocery/food voucher, based on the USDA free lunch daily meal rate, which comes out to \$10.36 per day, approximately \$72.00 per person for the 7 days. The older adults complete a short application with Help-New Mexico Inc. for tracking/reporting purposes and an ACH payment is then issued for the older adult to purchase food from a local grocery store, excluding alcohol or tobacco. The purchase order is to secure food vouchers for San Miguel,

Valencia, Lincoln, Mora, and Colfax counties, in order of when wildfires started, with a possibility of other areas throughout the state, should they be affected by wildfires. This is an emergency collaborative initiative. With wildfire season significantly impacting our senior population ALTSD is prepared to provide the necessary aid until such fires are under control.

- IV. Provide an explanation for the justification of the procurement including a description of the emergency condition(s) requiring use of emergency procurement and the practicable competition utilized in compliance with NMSA 1978, Section 13-1-127.

Due to wildfires and power outages throughout the State of New Mexico there is an immediate need to provide the necessary food vouchers for the health and safety of elders and disabled individuals in our State who are one of the most vulnerable. Help-New Mexico, Inc. is not on a statewide price agreement, however because of the immediate need for food due to displaced seniors, ALTSD must utilize the vendor that could secure the immediate requirement of food vouchers.

- V. Please describe what measures are being taken to minimize the duration and effect of this particular emergency procurement (for example: is the emergency only in place until a competitive process can be completed, etc.).

With wildfire season significantly impacting our senior population ALTSD is prepared to provide the necessary aid until such fires are under control. An RFP is also currently in the beginning phases for “prevention and intervention” services so that eventually ALTSD has a contract in place for situations like this.

- VI. Describe what measures the Agency will take in the future to prevent/mitigate use of an emergency procurement under similar circumstances.

ALTSD hopes to have a contract in place so that when emergency situations (including but not limited to) like wildfires and power outages occur there will be no need to declare an emergency and will have an awarded vendor that can provide goods/services for such occasions.

APPROVED

Approved Emergency Procurement FY22

Approval letter must be attached to all purchase orders and payments, including p-card post audits.

The agency must ensure compliance with 13-1-127.D, NMSA 1978 and submit a report of accounting, within 60 days of the end of the fiscal year, to DFA and LFC if the emergency procurement is for planning or preparing for the emergency indicated in the letter.

The agency must also ensure compliance with 13-1-128.C, NMSA 1978 and submit required documentation to GSD via their website for posting on the Sunshine Portal. Required documentation is outlined in 13-1-128.E, NMSA 1978.
